January-March – Australia for Jesus

2010 – Special Edition Vol. 5 No. 1

Happy New Year to all of our praying friends, family, and supporting churches. With this new year, we find ourselves rejoicing in the past, but looking forward to a new year of great blessings.

Our support is now at 89%. We are praying that the final support will come in very quickly. All we need is about \$500.00/month more to complete the deputation process.

Continue to pray that the visa process will go smoothly. We may be hearing some news very soon concerning our visa, so please keep this in your prayers. If you would like for us to come and give an update of our progress, please give me a call at (864) 457-6293.

The Grace Baptist Bible Institute is going really well. As of this newsletter, we now have over 150 people that have enrolled in the Grace Baptist Bible Institute. We are about ready to enter a new phase of this ministry by going live over the Internet where we can reach literally thousands of people at one time. Most of our courses are on Facebook as well as on www.australiaforjesus.net. If you would like to get involved in these, please just email me at wpittman@australiaforjesus.net, and you can get started. This would be a wonderful tool for discipleship for your new believers at your churches.

Also, our Nursing Home ministry is going very well with some salvation decisions and other decisions. Please continue to pray that we will be able to continue to follow the Lord’s leading in this matter. Right now, I am preaching on living right and how to share the gospel with those they come in contact with at the nursing home.

It is hard to believe that this time last year, my wife and I were just leaving Australia from our missionary trip. We are so excited on getting back to Australia very soon. Please continue to pray for the people of Calvary Baptist Church in Melbourne, Australia, Pastor Ernie Vescely, Missionary Robert Gunter, and others who faithfully doing God’s work in this needy place. Please pray for the people of Lighthouse Baptist Church in Rockhampton, Australia to be able to begin consider what God would have for them. Please pray for Robert Bakss, the pastor of the church, along with the Australian Baptist College and the Principal of the school.

We surely thank each and every one of you for your continued prayers and support during these final days of deputation. We are praying that it will be over soon. Over the miles, we have found that God’s people are still being faithful to help and to encourage us as we try to do to them. Keep being faithful during this time of economical troubles across America. God will reward your faithfulness to His Ambassadors as they are being faithful to His Word.

May the Lord richly bless each and every one of you. Please pray that by March we will be on the mission field of Australia.

In His Service,
Wesley and Erin Pittman
